## A Message from our Pastor

Hi, everyone! I just wanted to thank you all for your support and interest in the Akron marathon last week. It brings me great joy to be able to run but even more importantly to have the involvement of other St. Barnabas parishioners. I love the team effort, whether it be running together or cheering each other on. I really enjoy running these local races because of the community it gathers. As I mentioned in last weekend's homily there were runners next to me asking me "who I was" since there was such great community from St. Barnabas cheering me and others on. It was a great moment to be able to share with the guys I was running with that I was a Catholic priest and those were my parishioners. It certainly raised some eyebrows among the runners, but I think in a very good way. It's always good to share one's faith when the opportunity arises – even while running a marathon! Since many people have been asking me – I did run a good race but missed my personal best by two minutes. I ran 3 hours and 27 seconds, which was still a good run, and placed 19th.

Last week on Wednesday, October 4 the Church celebrated the Feast of St. Francis of Assisi. St. Francis really made a tremendous impact in the life of the Church. He was born around the year 1181 and died in 1226. Francis lived in Assisi, Italy. He grew up with great wealth and his dream as a young man was to be a soldier and prince for Assisi. After a few illnesses he went through a time of his life where he really turned to God. Francis' life began to change dramatically. He heard Jesus speak to him from the crucifix while praying one day in the church, "Francis rebuild my Church which you can see is falling into ruins." This began a whole new course of life for young Francis. Francis rebuilt not only the physical building he was praying in but, more importantly, the whole Church (the people of God) was greatly impacted by the life of St. Francis. In all of Church history we have had some amazing saints that have touched so many people's lives. However, it seems like St. Francis has made a very unique impact. When people think of someone "holy" they tend to point to St. Francis. What is it about his life that has made such a tremendous impact? This is all my own personal prayer and reflection, but I thought it would be worth sharing.

I think one of the main attributes of St. Francis is that he lived a simple, humble, and charitable life. I believe this really speaks to almost anyone (Christian or not). Francis was not attached to "worldly" things. His focus in life was not on how much he could gain for himself. He did not store riches for himself but lived the Gospel message of giving. Not only did he give his wealth to the poor, but he lived a life of loving people who were hurting. He was known for embracing and kissing lepers and for talking with hardened sinners. He was known for serving the poor and living among them. Francis' way of life was attractive and so he grew a band of followers which eventually became the Franciscan order which is very much alive today.

What was the key to Francis' success? I believe he lived a life that was very attentive to the Holy Spirit and in a very deep relationship with God. He was known to go off for months at a time to pray at a cave by Assisi. Francis' deep, deep love for Jesus is what allowed him to love and serve so well and in such radical conditions. When we make time for God, and to grow in our love for God, we paradoxically become more available to people really in need. And we have the capacity to love them even better. I bet if you make even a little more time for God each day you will find yourself able to love your spouse and children even more and be more attentive to their real needs. You may at first glance think you have less time for them, but I would bet you will find you have more time for them.

God bless and have a great weekend!

Fr. James

St. Barnabas School

Founded in 1984, Science Olympiad is one of the premier team STEM competitions in the nation, providing standards-based challenges in all 50 states. Our St. Barnabas Science Olympiad Team, comprised of sixth,

seventh and eighth graders, is once again on their quest to yet another successful and exciting year. The St. Barnabas team of student scientists are preparing to compete in 23 knowledge events such as Anatomy, Forestry, Crime Busters and Fossils, and build events such as Tower, Wheeled Vehicle, Air Trajectory and Wind Power just to name a few. These events challenge students to be well-versed and use their problem-solving skills in all branches of science, as well as engineering, technology and math.

The team will test their skills at the Kenston Invitational in mid-January, where they have a full day of hustling from home base to labs, gyms, and classrooms to compete in events that test learning, lab, and building skills on the spot. Picture a track meet but for science!

Next we will head off to The University of Akron to compete at the Eastern Regionals in March of 2024 where we hope our roster of 15 once again places in the top five teams to advance and compete against the other top 40 schools that qualify to compete at The Ohio State University at the state tournament in late April 2024.

Our team's success and accomplishments would not be possible without the support from Mrs. Faetanini, the St. Barnabas PTU, teachers, and all of the wonderful parents, grandparents and volunteers who support us with rides, materials, expertise and their time! We can't thank them enough. Go Blazers!

This week in your daily prayers please remember **Seminarians at St. Mary and Borromeo**, who are discerning the call to the priesthood: Gregory Hovan, William Martzaklis, John Scantling, Connor Trout, Christopher Villarreal, Ben Baratian

**Notes from the Blue Army:** October 13, 2023 marks the 106th anniversary of the Miracle of the Sun. In a report for Padre Pio TV, Jacinta Pereiro Marto—the niece of Sts. Francisco and Jacinta, two of the Fatima visionaries, explained that her father John Marto, was the brother of Francisco and Jacinta. John was 11 years old when the apparitions took place. He was present for the fourth apparition, but didn't see anything. John spoke about how his brother and sister had been "normal kids, absolutely normal kids." "We didn't believe them until what is known as the Miracle of the Sun took place on October 13, 1917, when the sun danced before the eyes of tens of thousands of people." Jacinta, John's daughter, recounts how her father didn't go to see the Miracle of the Sun as his grandparents did. He stayed home, because he was afraid of dying. There was a rumor going around that "if the miracle of the sun didn't take place, the whole family would die." John had a hard time understanding all that was going on around him, but after the death of Francisco and Jacinta, "my father used to say that he cried very, very much, because he saw that everything that they had said was taking place." Speaking about her grandparents, Jacinta says that at first they didn't understand any of it. At that time, "they thought that their children were a bit different from the rest, but they didn't know exactly in what way." Jacinta was the first to say that Our Lady had appeared, and when people asked my grandmother, she always answered, "My children aren't liars. I've educated them. So, if they say they saw her, I believe they did see her." John continued to be a shepherd in his town for his entire life. Jacinta, niece of the visionaries, explained: "The whole family have always accepted it as a gift from God. My grandfather used to say that the Virgin wanted to come to Fatima, and had chosen his children, but that we didn't deserve anything. Consequently, we have always lived with great simplicity, because God made a choice, and He chooses whomever He wants. Our Lady asked us to pray the Rosary. She came that we might return to God. God loves us very much and at times sends us his mother to refresh us a bit. God wants us to be a bit better every day. Because we are always sinners, we are not perfect, but try to be a bit better every day."

A home visit may be made to see how we might be able to assist. Please do not hesitate to call. We're here to help.

Isaiah begins today's scripture with: "I'm going to sing you a Song of a Vineyard." In the song he describes God as the owner

of a beautiful vineyard that has been carefully tended. The owner does everything right to produce a healthy crop of grapes. He planted expensive vines hoping to produce a variety of fine wines. What looks like a love song quickly changes into anything but what he had hoped. He ends up with sour wild grapes. Looking at the Gospel we see that the landlords of their time planted the vineyard but did not care for it: they gave that job to their workers. The parable also lets us know that God is the landowner who planted this vineyard and chose the people of Israel and made them tenants, those who were commissioned by the Lord to care for it. How does this affect us? Today, we are God's chosen people. We are the tenants working in the vineyard. God calls us to produce the fruits of the Kingdom of God that will last forever. Do we feel ourselves privileged to be called to work in the Lord's vineyard? How well have we heard the voice of God and received the call when we are invited to gather together to hear the Gospel and to make it a part of our lives? Today we have received the Good News: Are we part of the cornerstone that builders rejected or are we the ones that helps strengthen our parish and one another?

**50+ meeting:** Friday, October 13, 1:00 p.m., Bedell Commons. Reservations are necessary and still open for our Christmas luncheon on December 15 beginning at 1:00 p.m. Buffet Menu: Chicken, Salmon, Veggie Medley Pasta, Potatoes, Broccoli, Salad, Rolls, Dessert, Coffee/Tea. Make checks to: St. Barnabas 50+ for \$30. Call Joan for reservations.(330-467-8466) All are welcome on Friday the 13th.

# FREQUENTLY ASKED QUESTIONS ABOUT ISSUE 1

## What is Issue 1?

Issue 1 is a proposed amendment to the Ohio Constitution that would endanger the health and safety of women, threaten parental rights, and allow for abortion through all nine months of pregnancy. Ohioans will vote on November 7, 2023, whether to make this change to the Ohio Constitution.

## What would Issue 1 do?

### Put women at risk:

- **Health and safety standards in Ohio could be eliminated.** Doctors could no longer need to examine a woman or explain the risks of the abortion procedure ahead of time.

### Threaten parental rights:

- **A fifteen-year-old could have an abortion without her parents knowing.** Current Ohio law requires parental notification and consent before a child under 18 can obtain an abortion. These parental right protections could be removed as they directly conflict with the amendment which would allow all individuals, including minors, to make their own reproductive decisions.

### Allow for abortions of fully formed babies:

- **Abortion would be legal through all 9 months of pregnancy.** Physicians at an abortion clinic could use a woman's age or emotional well-being as a reason to perform an abortion in the 3rd trimester.

See "[Where Does It Say That?](#)" for specific information.

## Would abortion be illegal in Ohio if Issue 1 does not pass?

If Issue 1 does not pass, abortion would still be legal in Ohio until a baby's heartbeat can be detected. This standard was challenged in court and placed on hold, allowing for abortions up to 22 weeks as of September 15, 2023. Current laws that protect the safety of women and parental rights would stay in effect.

## Doesn't Issue 1 simply restore Ohio back to when Roe v. Wade was in effect?

**Issue 1 goes dangerously beyond what was legalized in the Roe v. Wade ruling.** It opens the door to remove important health and safety measures that protect women, threatens parental consent and notification of any minor seeking an abortion, and allows for abortion through all nine months of pregnancy.

## Will miscarriage care or ectopic pregnancy treatment be denied if Issue 1 fails?

The passing or failure of Issue 1 will have no effect on the care a pregnant woman receives when her life is in danger, even if the treatment results in the loss of life of her unborn child. There is a fundamental difference between an elective abortion and the care provided after a miscarriage or for ectopic pregnancies. Women can always receive life-saving treatment, including in Catholic hospitals. No law restricts this care in Ohio or any other state in the country.

## How is the Church helping pregnant women in need?

For decades, numerous Catholic social service agencies, in collaboration with faith-based and secular organizations, have assisted pregnant women in need with material resources and personal accompaniment during pregnancy and after their child is born. Project Rachel helps those struggling post-abortion. Every woman should be able to depend upon a community for support and the Catholic Church remains committed to woman in need.

## What is the Church doing to protect life and defeat Issue 1?

Each diocese in Ohio is working together, through the Catholic Conference of Ohio, to help Catholics understand the dangers of Issue 1 to women, parents, and life. We are also part of the Protect Women Ohio coalition to let all voters know Issue 1 is harmful for Ohioans.

## What can I do to help defeat Issue 1?

1. PRAY & Fast
2. EDUCATE Yourself and TELL OTHERS about the dangers of Issue 1
3. Register & VOTE NO on Issue 1

## Where can I learn more?
